## EXPERIENCE

**IT & AV Intern** | Lake Pend Oreille School District, Sandpoint, Idaho | 2023–Present

- Support and troubleshoot classroom AV and endpoint systems across school sites; train staff and peers to use equipment and resolve common issues.
- Deployed and configured approximately 75 devices using network booting and imaging solutions; contributed to TPM 2.0-compatible desktop deployment across 10+ sites.
- Perform hardware upgrades and BIOS recovery; contribute to structured cabling and other district-wide infrastructure projects; coordinate intern-team workflow.

**Owner / Operator** | Lawn & Landscaping Service, Sandpoint, Idaho | 2022–Present

Manage client acquisition, communication, scheduling, and billing independently; deliver a reliable service while balancing customer needs and day-to-day operations.

## CYBER DEFENSE & TECHNICAL PROJECTS

**CyberPatriot** | Four-year competitor | Windows, Linux, Cisco routing and networking

My team placed 5th in Idaho Gold Tier (2025–26) and 1st in Idaho Silver Tier (2022–23). Built a Python automation script for competition task workflow and result logging; used a virtual machine vulnerability scanner to help establish a starting scope for each round.

## EDUCATION

**Northwest Nazarene University** | B.S. Computer Science, cybersecurity focus | Expected 2030

**Sandpoint High School** | CTE Diploma, Information Technology Pathway | 2026 | GPA: 3.62

## TECHNICAL SKILLS

**Languages:** Python, C++, Bash   **Systems:** Windows, Linux, ChromeOS, Cisco IOS   **Tools:** Active Directory, Git, VMware, Proxmox, OpenWRT, network imaging, BIOS/UEFI   **Support:** AV systems, printers, displays, audio, video conferencing

## LEADERSHIP & RECOGNITION

U.S. Presidential Scholar Nominee, Idaho Department of Education (2026) | Rotary District 5080 Interact Club of the Year (2026), earned under my leadership as Club President
